Tester	Aya Refaey
Date Submitted	10/17/2025
Title	Contact
BUG Description	
URL	https://automationintesting.online/#contact
Summary	Verify that the system does not accept numeric values in the Name field.
Steps	<ol style="list-style-type: none"> 1. Open the Contact page. 2. Enter numbers only in the Name field. 3. Fill in all other fields with valid data. 4. Click on the Send button.
Expected Output	The system should display an error message such as "Name must contain letters only" and should not submit the form.
Actual Output	The system accepted the numeric name and displayed the success message: "Thanks for getting in touch 123456! We'll get back to you about subject aya as soon as possible."

Summary	Verify validation when the Phone field is left blank.
Steps	<ol style="list-style-type: none"> 1. Open the Contact page. 2. Leave Phone field empty. 3. Fill other fields with valid data. 4. Click Send.
Expected Output	The system should display a single clear error message: "Phone may not be blank." and should not attempt length validation. The form must not be submitted.
Actual Output	The system displayed both messages: "Phone must be between 11 and 21 characters." and "Phone may not be blank."
