BUG ID	TC4-01
Tester	shadw farid mohamed
Date Submitted	10/17/2025
Title	System allows invalid Check-in/Check-out dates
URL	Restful-booker-platform demo
Summary	When entering invalid Check-in and Check-out dates, the system displays available rooms instead of showing an error message.
Steps	1. Open https://automationintesting.online/#booking 2. Navigate to "Check Availability & Book Your Stay" 3. Enter invalid dates (Check-in: 2025-10-25, Check-out: 2025-10-20) 4. Click "Check Availability"
Expected Output	The system should show an error message indicating invalid dates and not display available rooms.
Actual Output	The system allowed invalid dates and displayed rooms for booking.

Priority	High
Severity	Major
TEest Case No	TC4
Covered Requiremnts	Requirement: The system must validate that Check-out date is after Check-in date.
Notes	
Requirement: The system must validate that Check-out date is after Check-in date.	
Analysis	
The validation for invalid date ranges is not working. The system does not prevent users from entering a Check-out date before the Check-in date. This needs fixing in the booking logic.
